

# Diamond sizes

2022-09-12

We have data about 53940 diamonds. Only 126 are larger than 2.5 carats. The distribution of the remainder is shown below:

In quarto, it is possible to write many different types of inputs in the visual editor just by using pressing `/`.

**term** something useful like `4 + 4`

This is instead is a table 

Col 1	Col 2	Col 3
-------	-------	-------

 |Ciao |Come |Stai?

Ciao superscript<sup>2</sup> subscript<sub>2</sub>

Thes are example of links <https://r4ds.hadley.nz/quarto>
